**Cancellations/Inclement Weather:**

The Market Manager's prime concern is safety during bad weather conditions, such as wind, rain, and lightning. The Market Manager will use his/her best judgment based on visual conditions, media weather radar, and other managers in surrounding areas to assess whether or not the Market shall remain open. Lightning observed within a 5-mile radius of the Market calls for automatic shutdown of the Market. It is recommended that The Vendor devise a "Quick Break-Down Plan" to maximize the speed and protection of merchandise when poor weather occurs. There are no refunds due to inclement weather. Exceptions may be made on a case-by-case basis.
